

CONSENT OF PERSONAL DATA ACCORDING TO GDPR

[Name(s), first name(s)]

A membership in an organisation is to be regarded as a contractual relationship between the members and the organisation, the content of which is essentially determined by the articles of organisation and by supplementary regulations (for example, an association ordinance). An organisation statute determines- to an extent- the goals of the organisation, for which the member's data can be used.

According to Art. 5 para. 1 lit. b) of the GDPR, their personal data specified in the application form, which is necessary and compulsory for the sole purpose of carrying out the resulting contractual relationship (organisation member in our organisation), are all based on statutory entitlements.

With your entry into our organisation Kisoboka e.V., you agree that personal data such as name, first name, address, email address, telephone number as well as bank data are collected, stored and used. The data is used exclusively for internal purposes of the organisation.

According to Art. 13 (1) and (2) of the GDPR, we are obliged to inform you about the use and processing of your personal data. The member makes the decision to use his data voluntarily and can revoke his consent to the organisation board at any time.
